STANDARD ACCESSORIES:

Titan

Titan

Proven Design Features

Exclusive designs and patented features, engineered to promote smooth, easy operation plus lasting strength and durability – it's the details that make the difference.

Robust aluminium brackets with rounded ABS plastic caps to provide extra protection to the roof from general wear and tear

Patented pull-pin locking system ensures easy, finger safe set-up and collapsing

Central Pivot design ensures a lifetime of durability

Patented pull-pin locking system offers easy leg height adjustment and leveling capability on uneven ground. Multiple settings for maximum height adjustment

Robust zincalume coated steel Foot Plate delivers greater grounding ability for superior stability and safety. Holes provided for ground pegs

Truss bar Extruded with internal ribs for added strength

Refer page 18 for further information

Premium Quality Roof Material
(Refer page 18 for more information)

All seam points are double stitched for added strength and durability

Double layer of material at peak for extra wear resistance

50mm wide horizontal velcro strip on lower inside edge of roof to allow sidewalls and/or rain gutters to be attached/removed in seconds

Sturdy D-Rings offer additional tie-down security

Double layer of material at corners to minimize wear and tear

Additional buckled straps are positioned on the roof midway between each leg to help secure the roof to the frame and keep it suitably tensioned

Advanced seam sealer strip applied to underside of all seams to ensure waterproofness

Titan

Promercial

STANDARD ACCESSORIES:

Promercial

Proven Design Features

An Instant Marquee designed and constructed with premium grade materials, ideally suited to withstand the demanding New Zealand conditions.

Moulded brackets from top quality ABS plastic formed with rounded edges to provide extra protection to the roof from general wear and tear

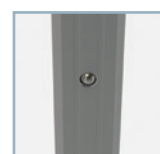

Patented quick release push-button system ensures finger safe setup and collapsing with ease

Central Pivot design ensures a lifetime of durability

Sturdy peak pole design compatible with the quality of the rest of the frame

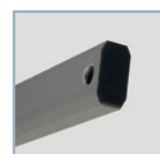

Individual leg height adjustment with different settings, allows deployment on sloping or uneven ground

Heavy duty aluminium footplate at the base of each leg prevents the marquee from sinking into non-solid ground. Holes provided for ground pegs

Truss bars extruded with internal ribs for added strength

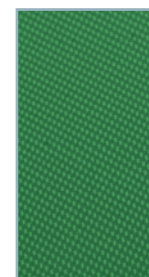

Truss bars capped each end to prevent moisture and dust entering

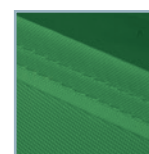

Refer page 18 for further information

Fits over footpad at base of marquee leg. Also has screw eye anchoring point for guy roping marquee to. Weighs 15kg.

Rain Gutter

Allows for the drainage of rainwater to outside the covered area when two or more Instant Marquees are used adjacent to each other.

Fabrics

500D Polyester

All standard Shedline Instant Marquee Roofs and Sidewalls are manufactured from Close-mesh 500 denier Polyester fabric.

The exceptional all-round qualities of this premium, low maintenance fabric include:

- Fire retardancy
- Water proof
- Excellent printing characteristics (Screen-printing and digital-colour)
- 100% U/V Protection* (Rated UPF 50+)

*Actual test results 99.84 – 99.97% U/V Blockout

Note: Commercial grade PVC is also available for Promercial and Deluxe Instant Marquees only. This is available in a range of colours.

Product Warranties

Warranties

Shedline Instant Marquees are reputed for their robust construction and their consistent, ongoing reliability. All models carry warranties against material flaws in both the frame structure and the roof and sidewall fabrics (conditions apply).

Customised Graphics

Promote your company, brand, product...

Roofs and sidewalls can be easily printed to transform your marquee into an effective marketing tool whenever and wherever it is deployed. A custom branded marquee will...

- Promote your business with individuality
- Ensure you stand out from the crowd.
- Attract attention

Custom Branding Examples

*"We were concerned about the need for a **strong** marquee to use at the national field days. Having purchased the Promerical we were amazed at its **quality** standing up to the windy storm experienced on the first day, it performed perfectly."*
Promax Plastics

**Short Production Lead Times
Guaranteed!!**

Customised Graphics

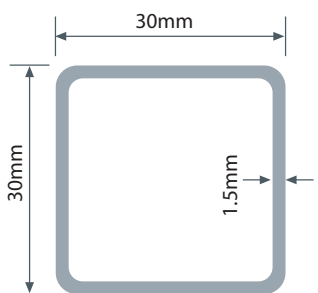

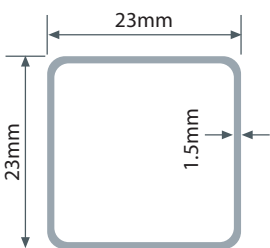

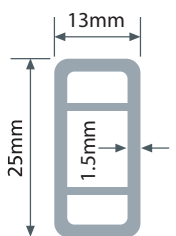

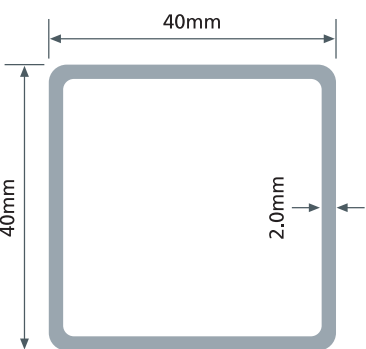

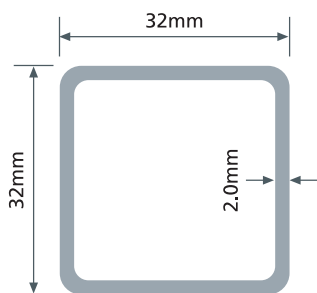

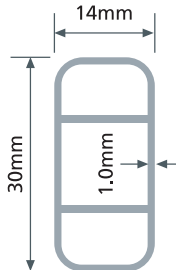

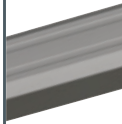

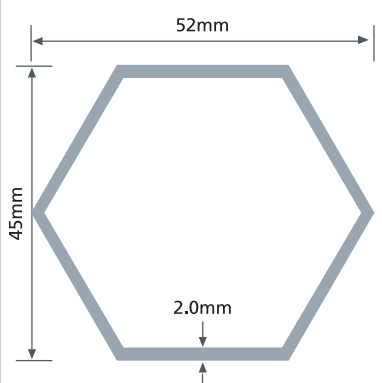

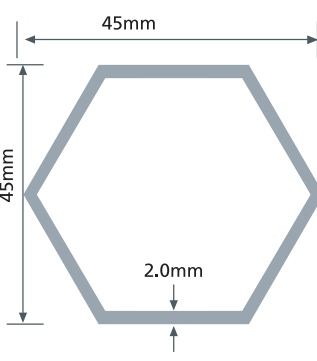

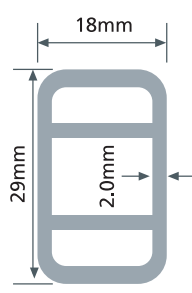

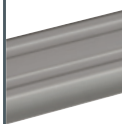

*"We have had a Shedline marquee for over 5 years and have found it to be a **fantastic promotion and marketing tool**. I would recommend a Shedline marquee as they are **simple and easy to erect**, are **well constructed** and are locally made so can be designed and personalised with your company logos etc. The support from the team in Whangarei is superb."*
Ricoh Ltd
