## Our recommended materials are as follows:

We are happy to send samples to you.

### Canvacon 7000

High quality UV stabilized Polyethylene fabric designed for medium to heavy duty industrial and agricultural tarpaulins.  
306gsm Polyethylene Limited Warranty 3 years

### Landmark Tearstop

Advanced Polypropylene fabric designed for heavy duty and industrial and agricultural tarpaulins. Lighter and easier to handle than similar strength PVC's, it offers excellent lay-flat characteristics, outstanding weather resistance and built-in lifetime flexibility.  
White only.  
340gsm Polypropylene Limited Warranty 3 years

### Trident Ripstop

Premium woven Polyester 1cm x 1cm ripstop weave with a superior flexible PVC coating on both sides. The first choice for heavy duty tarpaulins.  
690gsm PVC Limited Warranty 3 years

### Lugs

Reinforced and spaced at 1m with double eyelets and 1.8m ropes

### Seams

High frequency welded seams to ensure a waterproof cover

### Optional

#### Shorteners

Nylon ring shorteners welded on

#### Welded Numbers or Words

Don't lose your tarp – with your name or tarp number permanently welded on, they will be hard to disguise!

The gsm rating makes it easy for you to calculate the weight.
